NEW ORLEANS May 21st 1892

Mr. H. C. King,
Markville, Miss.

Dear Sir,

Your valued favor of the 20th inst. advising shipment of 100 pounds ~~of~~ butter was received and noted. All will, as usual, have my best attention; but I would advise no further shipment of such butter, as same is too sticky, has a peculiar taste, besides which there is no sale here at this time of the season for any other than solid packed butter. As soon as I can dispose of the 3 packages I shall render it sold to you. *Yours very truly*

Dear Sir

Please note the
within complaint as
to quality of our butter.
It is impossible to sell
the surplus so long as
we make an inferior
quality of butter.
These complaints, with
others, relative to the
manner in which butter
is packed, are continually
coming to me. This is
certainly an evidence of
continued carelessness on
the part of those who make
and ship our butter, and
my complaints and requests
have no effect.

Respectfully
A. C. King, Secy.

This is to Certify, that my
General business, as Foreman of
Farm, does not allow me to be in
dairy at all times, but am continually
trying to impress Mr Ware with the
importance of Making & packing
good butter. Also of the fact
that it is of equal importance to
keep dairy neat & in perfect
order at all times, & I have frequ-
ently taken some of my farm hands
& put the whole Dairy in perfect
order, & requested Mr Ware to keep it
so at all times & under all Circum-
stances, & that he should have no
Excuse whatever, as I would fur-
nish him all necessary labor & tools.
Since & again has Prof Connell
with the assistance of Mrs C put the

Saving in perfect order &
insisted on its being kept so,
but it seems that the Complai-
nts still come. The butter
that I see packed & made, seems
to be well worked & nicely packed,
but I must admit that I
know but little about butter
making.

Most Respect
J. F. Montgomery

Gen S. D. Lee a to M College

as there are a great many
 complaints being made about
 the Dairy I feel it my duty
 to have some thing to say
 in defence of myself I dont
 only have to work in Dairy
 but am required to work
 out side and frequently
 have to leave Dairy to do
 something for farm Dep
 If I have neglected any
 thing I did not know it
 I know that I am not
 perfect yet in Butter making
 but I do the very best
 I know how.
