COMMITTEE ON ARMED SERVICES

June 26, 1957

Mr. John A. Putnam  
Staff Hardwood Specialist  
Delta Research Center  
C/of Delta Experiment Station  
Stoneville, Mississippi

Dear Mr. Putnam:

Knowing of your special interest in hardwood research, I am enclosing a copy of my statement made on the Senate Floor commenting on the Interior Appropriations Bill.

I have on several occasions urged the committee to approve a \$60,000 increase for the Southern Forest Experiment Station at Stoneville and am disappointed that the strong economy drive here prevented this increase from being approved. I do know that individual members of the committee were very much impressed with the merits of hardwood research, and I strongly believe we have strengthened our cause and laid a good foundation for getting an expanded program for fiscal year 1959.

I am very much pleased with the fine progress being made at Stoneville and assure you of my continued support for this important program.

With best regards, I am

Your friend,

John Stennis  
United States Senator

## MEMORANDUM

June 26, 1957

Dear Dr. Giles:

Knowing of your special interest in hardwood research, I am enclosing a copy of my statement made on the Senate Floor commenting on the Interior Appropriations Bill.

I have on several occasions urged the committee to approve a \$60,000 increase for the Southern Forest Experiment Station, at Stoneville, and am disappointed that the strong economy drive here prevented this increase from being approved. I do know that individual members of the committee ~~here~~ were very much impressed with the merits of hardwood research, and I strongly believe we have strengthened our cause and laid a good foundation for getting an expanded program for fiscal year 1959. <sup>U.S. Forest Service</sup>

I am very much pleased with the fine progress being made at Stoneville and assure you of my continued support for this important program.

With best regards, I am

Your friend,

John Stennis
