# CVM LIBRARY NEWSLETTER

APRIL 2014

## New Book of the Month

### ***Slatter's Fundamentals of Veterinary Ophthalmology***

*By David Maggs, Douglas Slatter, Ron Ofri  
and Paul Miller (Print and eBook)*

Recognize, diagnose, and manage a wide range of common ocular conditions with **Slatter's Fundamentals of Veterinary Ophthalmology, 5th Edition**. Covering small and large animals including birds and exotic species, this reference provides the latest, most practical information on structure and function of the eye, ocular development, pathology, examination and diagnosis, surgical procedures, ophthalmic pharmacology and therapeutics, and management of ocular emergencies.

## Smart Study Rooms.

The CVM Library has recently added two 42" flat screen monitors in study rooms B and E to facilitate collaborative work and enable small group presentations. Students and faculty will be able to use the monitors to view videos via computer (including through MyCourses) or USB, practice presentations, create group projects, review class materials during group study, view case photos, etc. Fill free to take advantage of these Smart Study Rooms by signing up for them at the front desk!

Our doors are always open to help you. Email [cvmlibrary@cvm.msstate.edu](mailto:cvmlibrary@cvm.msstate.edu)  
or call the CVM Library at 662-325-1256

# Reminder: Veterinary Education in Video Trial

The CVM Library will be hosting a trial of **Veterinary Education in Video** by Alexander Street Press throughout the months of March and April.

From Alexander Street Press:

***Veterinary Education in Video** gives faculty and students anytime, anywhere access to an encyclopedic resource on veterinary science and care. The collection explains more than 500 procedures and techniques across more than 600 titles, and covers clinical skills, explanations of conditions, and training on technology and animal handling. Because it is delivered in high-quality streaming video, the collection provides insight into animal reactions and other subtleties that are often lost in text-only approaches.*

To access the trial, please see: <http://search.alexanderstreet.com/vets>. This is an IP authenticated trial, so you must access the video library from a campus computer or, if you are accessing the trial off campus, you must be logged into the MSU Central Authentication Service: <https://cas.its.msstate.edu/cas/login?service=https%3a%2f%2flogin.proxy.library.msstate.edu%2flogin>.

For more information on the content included in the trial, please see: <http://alexanderstreet.com/products/veterinary-education-video>.

For general help, including navigation instructions and search tips, see: <http://search.alexanderstreet.com/help>.

Our trial ends on **May 2, 2014**. Please provide any feedback to Derek Marshall, [dmarshall@library.msstate.edu](mailto:dmarshall@library.msstate.edu), by **May 9, 2014** in order for library and CVM administrators to make a decision about subscribing to this content in the next fiscal year.

## New Books

Title	Author	Year	Format
Slatter's Fundamentals of Veterinary Ophthalmology	Slatter, Magg, Ofri, Miller	2013	eBook
