It has been accepted for inclusion in CVM Library Newsletters by an authorized administrator of Scholars Junction. For more information, please contact scholcomm@msstate.libanswers.com.
Please Welcome Our Newest Employee

Kelly McBride is joining the library family this month. Many of you may already know Kelly from her work at the Animal Health Center Admissions Desk. The library is fortunate to have Kelly as part of our team. We are looking forward to working together and with all of CVM!

Please welcome Kelly to the library!

New Book of the Month

Veterinary Medical Terminology
Angela Taibo

Veterinary Medical Terminology Guide and Workbook provides a user-friendly guide for gaining an understanding of veterinary medical terms, from phonetic spelling and meanings of prefixes, suffixes, and roots to more in-depth explanations of terminology. Introductory chapters explain the basic principles of using medical terminology in veterinary medicine, with later chapters organized by body system, covering anatomy, terminology, and abbreviations in a consistent format. Carefully designed to engage the reader, each chapter includes tip boxes, case studies, word lists, and review exercises to promote learning, and a companion website also provides a pronunciation guide, flash cards, teaching PowerPoints, and additional images.

New book orders are placed all the time. Let us know if you have any suggestions. Email Derek at dmarshall@library.msstate.edu.

Our doors are always open to help you. Email cvmlibrary@cvm.msstate.edu or call the CVM Library at 662-325-1256.
Workshops

The Mitchell Memorial Library will be offering a number of workshops this semester. Any of these workshops can be scheduled here at CVM, whether in the library or as part of your class. We can also customize any of these workshops to meet the needs of the CVM curriculum. Contact Derek Marshall, dmarshall@library.msstate.edu, to schedule a workshop or for more information.

Using Scopus to Enhance Your Research
April 14th, 2pm
This workshop introduces the powerful research database Scopus. Strategies for customizing search results and evaluating research will be included in the session.

Excel: Formulas
April 15th, 10am
April 15th, 2pm (Online only)
This workshop will show you how the most commonly used formulas work.

EndNote 101
April 15th, 3pm
Collect and organize your research—use EndNote to import citations from databases, catalogs, and your own research folders, organize your citations into groups, and add full-text documents and PDFs to your libraries.
Workshops, cont.

EndNote 201
April 22\textsuperscript{nd}, 3pm
“Cite While You Write”—drop citations into your documents while building reference lists, choose from hundreds of citation styles, and edit styles to fit your assignment or publishing needs.

*Registration required for all workshops. Workshops are held at the Mitchell Memorial Library in the Eli/Giles rooms. For more information on these and other workshops the library offers, visit \url{http://library.msstate.edu/workshops}.
