Introduction to Mendeley
August 24, 1 pm
Mendeley is a citation manager created to integrate seamlessly with Scopus and ScienceDirect, though it works with other databases as well. MSU students, faculty, and staff now have access to Mendeley Institutional Edition. Learn how to build a searchable database for your references, and then how to use the plug-in to cite as you write.

*Registration required for all workshops. Workshops are held at the Mitchell Memorial Library in the Eli/Giles rooms. For more information on these and other workshops the library offers, visit http://library.msstate.edu/workshops.

Research Consultations
Need help with your research? Contact the library to schedule a one-on-one meeting to discuss search strategies, literature reviews, or anything pertaining to your research. The library is here to help! Contact Derek to set up a time to talk, dmarshall@library.msstate.edu.
