Dear Florence,

I recieved Genes Christmas card with your letter on the back. Harry showed me the Christmas card with the kids pictures on them. They are very nice.

I am not sure about when I will get the house as it seems I am not making very much headway now. We will have to rent from the railroad and they are slow sometimes. If I cant get one of these houses we will have to rent rooms in town someplace.

This is a nice warm day today. It does not seem much like Christmas sith every thing so much like summertime. I would like to be home for Christmas but expect I had better stay on the job so I can get off when I am ready to bring you and the kids down. I really think I will try to get a place over at Bartlet if I can't get one of the railroad houses.

I havn't very much news today. Have lots of work to do all the time. I could not do it if I did not feel a lot better than I did when I came down. I am anxious to see about the hiefers. I am afraid they are making an extra chore for the folks and a lot of bother for them.

Some of our cows are doing real well here. One cow will make one hundred pounds of butter for the month. Our credit to the dairy over the expense for the two months past was over fourteen hundred dollars. We will have a feed grinder soon so we can cut down on our feed bill a lot.

Harry has gone over in Arkansaw to buy some hogs today.

The bank here where I had my money was robbed just after I deposited my second check but they caught the robbers and got the six hundred dollars that they took.

~~There~~ There has been no more work done towards the poultry project lately. I havn't visited any of the poultry farms near here yet as I had intended to. I will order a book on battery brooding soon as I need it. It will cost a couple dollars I think.

I hope you all have a good Christmas. I will bring something for the kids when I come up. Don't send anything down here as I have no place to keep things.

I will close as I may miss the mail.

With lots of love to Leon, Gene and Mother, from Daddy.
