Dear Florence,

Jan. 7, 1932

I expect you are getting awful tired waiting on me but it seems like I have a time getting a house. There is plenty of empty ones over at highland Heights but I have hopes of getting part of the section house where I could be at home all the time. If I get one over at H.H. I cant be there only a short time in between milkings and not at all of nites. I will get rooms with some one unless you would rather have a house. You let me know as soon as you get this and if I don't have the section house by that time I will rent another. I have plenty of houses in view at H.H.

The battery brooder house will be started as soon as we get the plans worked out. We may have to get eggs or baby chicks up there as I want blood tested stock. I am wondering how Verns hens are doing. I have written to Bud Wells. We will start off with five thousand baby white leghorns. Our buildings will be very nice.

I hope I will know just what we are going to do about the place we are going to live the next time I write.

With lots of love from Dady to Leon, Gene and Mother.
