National Rural Education Association

106th Annual Conference and Research Symposium

San Antonio Texas
Oct 17, 2014 - Oct 19, 2014

Call for Presenters

The National Rural Education Association seeks presentation proposals from rural school teachers, administrators, researchers, and others interested in the future of rural education. This year's conference theme is IMAGINE, and we are seeking presenters to share innovative practice or research related to the changing needs of rural students and the changing face of rural education.

Areas of particular interest include: Rural School Innovations, Advancing Learning Through Technology, Rural School Reform, Meeting Common Core Standards, Technology Applications for School Leaders, Redesigning Learning for 21st Century Skills, Rural School Partnerships, Policy Implications for Rural Schools, and Evaluating Effects of Rural Schools.

Three types of presentations are sought:

- **Workshop:** 30 minute presentations about current or promising practices in rural schools. Tell your story about innovations in teaching, learning, and leadership in rural schools.
- **Research Symposium:** 15-20 minute presentations regarding research pertinent to rural schools.
- **Ignite Session:** A cluster of four or five presentations on a similar topic or theme, where each presenter gives a five-minute presentation. Ignite sessions are intended to stimulate informal, lively discussions and spark interest and awareness of multiple yet similar topics
