Mechanical Engineering.

I feel able to take up any mechanical work you may lay out in the future besides superintending your shops and course in general.

Should you wish to accept my services and intend putting in an electric lighting plant I may be able to do something on that.

At present I will take a short rest and will delay accepting any other offer until I hear from you.

Thanking you for past favors and hoping you will consider my application, I remain

Yours, respectfully
Will D. Browning.
