Miss A. M. College,
June 6th, 1895.

Prof A. J. Wichardt,
Present.

Dear sir:-

Having completed the required work of the mechanical course for the degree of Bachelor of Science, I now have a desire to take the Post Graduate course in Mechanical Engineering. The only obstacle in my way is a matter of finance. By obtaining work in the department as an assistant, and thereby earning money enough to pay my expenses, I would be able (and more than glad) to take the above named course. I hope ~~that~~ it is needless to say that I will endeavor to put forth every effort to give satisfaction both as a student and as an assistant.

Hoping you will give the above remarks due consideration,
I remain yours very respectfully,
Randle C. Carpenter.

Prof. W. J. Wickham
Present.

I respect the ly report
to Gen. W. W. G. for
action with the
following recommendations
by Col. M. J. B. for the
assisted by \$10,000 for
which we will help
in the shop every evening
and Saturday morning,
that he be repaired
to spend four hours
every morning, working
just as an undergraduate
would, and
that he be urged to
behave as much as
possible during this
spring vacation for
the summer.

I share every reason
for believing that he
will be pleased to
comply with all of
these requirements. It
is the most of the most
considerable importance
to command

W. J. Wickham
Prof. Mech. U. Cal.
