Pres J. M. Stone
Agricultural College

Dear Sir

I did not know
that my request referring to my
sons not working in the field,
conflicted with the regulations of
the A. & M. college I was under the
impression that the shop work was
to take the place of field work.
and as a matter of course withdraw
my request. My reason was that he
had been in the hospital for a
week and I was afraid he was not
physically able to do the work and
I knew that a week lost would

put him behind with his studies
and I wanted him to make a good
average on his report - and thought
that time on his school work would
be more profitable than the field
work to him. but of course I ex-
pect him to conform to all rules
and regulations of the college
Very respectfully

L. B. Davis
